

We create chemistry

Based on the provisions on Biocidal Products (BPR) (EU) No. 528/2012 and the REACH Regulation (EU) No. 1907/2006, we hereby issue the following:

## CERTIFICATE OF HARMLESSNESS

**Product:** Wooden poles impregnated with Wolmanit CX-8 solution.

**Manufacturer:** Sarajevoinvest d.o.o., 71420 PALE, BOSNIA AND HERZEGOVINA

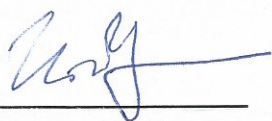

**Characteristics of the Product:** Wooden poles are impregnated with Wolmanit CX-8 in a full cell treatment process. All active ingredients of Wolmanit CX-8 have previously been evaluated in accordance with the provisions of the Biocidal Products Directive (BPD) 98/8/EU and approved for the use in wood preservatives (product type: 8). After the completion of the treatment and fixation process, there is no inadmissible leaching of Wolmanit CX-8 from the wooden poles.

**Use:** Wooden poles impregnated with Wolmanit CX-8 solution are used for electrical and telecommunication lines.

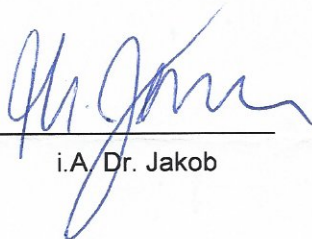

**Conclusion:** Based on the aforementioned, the impregnated wooden poles of Sarajevoinvest d.o.o., treated with Wolmanit CX-8, do not have unacceptable effects on humans, the environment or the installed equipment.
