Dear Sir or Madam,

The Biocidal Product Regulation (BPR, Regulation (EU) 528/2012) concerns the placing on the market and use of biocidal products, which are used to protect humans, animals, materials or articles against harmful organisms.

REACH (Registration, Evaluation and Authorisation of Chemicals) is a regulation of the European Union, adopted to improve the protection of human health and the environment from the risks that can be posed by chemicals.

Herewith RÜTGERS Organics GmbH confirms the conformity of the active substances in impra[®]lit-KDS –B according to BPR (EU No. 528/2012) and REACH (EC No. 1907/2006).

If you have further questions, please do not hesitate to contact us.

Best regards
RÜTGERS Organics GmbH
